

PTZ Travel Grant Guidelines

The Polish Zebrafish Society offer Travel grants of up to 2,000 PLN to PhD students wishing to make collaborative visits to other zebrafish laboratories in Poland. These are designed to offset the cost of travel/accommodation and other related expenses. There is no restriction on nationality.

What is a Polish Zebrafish Society Travel Grant?

- The Polish Zebrafish Society offer Travel grants to PhD students in Polish Universities and Research Institutes to undertake collaborative visits to perform research using zebrafish as model organism.
- These fellowships are designed to offset the cost of travel and related expenses.
- Visit length is for a period of a minimum of 5 working days.
- The maximum value of an award is 2,000 PLN.
- The Travel grant does not support attendance at scientific meetings, conferences or training courses.

Who can apply for a travel grant?

- PhD students using zebrafish as a model organism in Poland.
- Members of the Polish Zebrafish Society.
- Applications are strictly limited to only one person per home laboratory at a time.
- Only students in Polish universities and research institutes are eligible to apply.

How are applications assessed?

- Applications will be evaluated for their merit across several attributes, including the suitability of the host lab, merit of the research proposal, benefit to the contribution to applicant's overall PhD project.
- Priority will be given to students who have completed at least 1-year of their PhD studies and have at least 6-months of studies left.
- A grant committee will screen the applications and forward it to suitable experts in a relevant field.
- Applicants will normally be informed of the outcome of their application within 8 weeks of the application deadline.

Completing the application form:

- Only one application can be submitted by an applicant.
- All sections of the application must be completed unless specifically stated.
- The application and all supporting documents must be submitted in English.
- All attachments must be uploaded as a PDF format with proper labeling of the file names.
- Incomplete applications will not be accepted.
- Host laboratory. The host should be the person responsible for receiving the applicant and contact information should include their position and email address.
- Details of travel: should include dates of the proposed visit which may be provisional at the time of application, but should be confirmed prior to your visit if the Travel grant is awarded.
